

Thank you for ordering from MonogramWedding.com

How to Add/Delete Watermark

1. Insert MonogramWedding.com DIY CD into computer ->click on the file to open
2. Find Design on CD and click on desired Word Document (.doc) you wish to customize
3. Select "Insert" from the top menu bar and select "Watermark" from the list of of options
4. Click on the "Picture" watermark and click on "Select Picture" to browse your computer
5. Find and select the matching watermark (.jpg) and click "Insert"
6. Before you click "OK" make sure to un-check the "washout" feature as well as set your view scale to 100%
7. Select "OK" and your design will appear on the Word Document you have already opened
8. You may now use the "Watermark" as a guide to assist you as you customize your stationery
9. Prior to printing your invitations make sure to remove the Watermark!
10. To remove Select "Insert" from the top menu bar and select "Watermark" from the list of options
11. Check the box the reads " No watermark" and click "OK"
12. Now you will need to adjust your printer setting to print your stationery properly

* We highly recommend printing a test sheet before printing your entire collection
